OVERALL PARENT SATISFACTION*

*Based upon 2018 Quality Schools data

Lutheran schools in Queensland understand the important role parents play in the education of their children. Without a supportive home environment, the capacity of schools to maximise each child's learning is limited. When teachers, parents and the community work together to support each child, the child thrives.

There are many different ways that parents can assist their children to be successful in their learning journey within a Lutheran school.
