Leadership

Flexible, adaptable, good communicator, enthusiastic, quietly confident, open to change, interested in feedback, organised and shows initiative. These are all words we use or hear used when describing a leader. Leadership can and has taken all manner of forms throughout the past decades and centuries. There have been dictators, visionaries, transactional, transformational, situational, autocratic and bureaucratic leaders.

One thing which is universally accepted by all is that Leadership is hard, sometimes lonely and often rewarding. It can bring out the very best in people and sometimes also the worst. Experts generally agree that leaders can be nurtured and skilled. There can sometimes be debate about whether some people have got it and others have not. Some leaders come with a natural flair, while others have to seemingly work harder to achieve their goals. It is, however, fairly well accepted that all who truly want to strive for Leadership can achieve it in some capacity.

Schools, like all other organisations seek leaders to help set the vision, engage with community, search for and promote the good they see, raise the concerns of the community up for consideration and genuinely consider it. Schools are complex organisations that need to take into account the needs of a wide and varied group of people, from students, parents, teachers, general staff and administration, the Church and wider community groups.

As a Christian school and member of the Lutheran Schools community, we look particularly to the life of Jesus Christ for examples of leadership. We seek to serve, as he did, not only the everyday members of our community and the Church, but also the marginalised and weak.

At Prince of Peace we value the voice of our students and seek to put in place structures to allow their voice to be heard, to receive their feedback and respond with genuine care and concern.

As such it was a blessing to install into service within our community our Year 6 Student Leaders for 2015. The magnitude of this installation was not lost on them as they were greeted by the words of Colossians 1:17b (our 2015 theme Bible passage), *"All things were created by Christ. He is before all things, and in Him all things hold together."* We were honoured to be joined by our Senior Campus Student Leaders, Mrs Rhonda McKenzie and Ms Michelle Nisbet who assisted us in supporting our student leaders as they commenced their leadership journey.

We look forward to continuing to develop powerful partnerships with our Student Leaders as they walk and learn each day at the coal face of our College. We look forward to hearing their insights, dreams and ambitions and seek to bring about stronger outcomes for all students as a result of their leadership.

Congratulations to the Junior Campus Student Leaders!!

Michelle Nisbet and **Katrina Valencia** Co-Acting Heads of College

JUNIOR CAMPUS Prep-Y6

Opening of POP Parliament.

Yesterday saw our very aptly proud Year 6 leaders officially begin their journey as POP Parliamentarians. Over the past 4 weeks students and their committee mentors have created new committee names and also two extra groups on previous years. The students' enthusiasm and subsequent amazing ideas, will help incredibly in 2015 continuing to be a fabulous year!

The purpose of the Parliament is to change and encourage, our community to make it a better place and to enlighten the people around us. Year 6 students will be meeting weekly to plan and explore how to change, encourage and inform our community. This parliament represents all of the students at the Junior Campus and will also be serving the people within our community and beyond.

To help drive our mission theme for this year of 'Inspire Learn Grow', below is the list of 2015 POP Parliament Committees and their dedicated and amazing mentors:

Computer Science Committee – Mrs Odger
Praise and Honour Committee – Mr Mills
Popping News Crew – Mrs Proctor
POP Performing Arts Committee – Miss Wise

Department of Visual Mastery – Mr Swift
Environment and Nature Committee – Mr Russell
Learning and Growing Committee – Mrs Meullen
POP Sports Committee – Mr Wooding
Chris Mills Head of Pastoral Care and Well Being

So where are we headed in our learning?

Research into quality teaching and classrooms where gains are impressive, point to rooms where learning is visible. Not only do teachers know where they are headed but the emphasis is now shifting toward the child as an active driver in the learning process.

Our teaching and learning framework values learning goals and students who are aware of where they are in their learning. Teachers have been engaged over the past week in various diagnostic tests so that they can begin instruction from a meaningful and powerful place.

Following on from this has been feedback to students and the shaping of learning goals to provide direction and engage students. By the end of Week 5 your child's Early Engagement Summary will be posted home. This information is our way of sharing with you what we know about your child so far, where we hope to support them and identifies how they are demonstrating the 4 Rs (Respect, Relationships, Responsibility and Restoration). The 4 Rs play a significant role in their ability to engage with their community and establish powerful relationships for learning. We also hope you find this a powerful way to strengthen your partnership with your classroom teacher.

Library News Pass-it-On!

Congratulations to the four students who came up with brilliant names for our Book Bears – (Names will be announced at Assembly next Wednesday).

Last week, **Jodie Williams** (5S) and **Holly Strachan** (5F) each took home a blue 'Pass-it-On' bag containing a bear to cuddle whilst reading a copy of Mrs Meullen's (current) favourite novel: *Wonder* by R.J.Palacio...along with a journal in which to write their comments and thoughts about this book before passing it on to another member of our school family.

JUNIOR and SENIOR CAMPUS

Many thanks to the students and families that joined us last Friday afternoon for the Rugby afternoon. It was a lot of fun and some great skills were on display across the year levels represented. We look forward to having more afternoons and in-school activities like this throughout the year.

Chris Mills Head of Pastoral Care and Well Being

Year 6 Leader Installation

Last Friday, Senior Captains attended the Year 6 Leadership Installation at the Junior Campus. Our role was to help present the badges and congratulate our newly installed Junior Campus Leaders. This was the first time Senior Campus students have been involved in this ceremony and it was a huge honour to be a part of it. The ceremony was a wonderful celebration to mark the beginning of their leadership journey. It was obvious to us, how excited the Year 6 leaders and students were about taking on their new roles as leaders of the Junior Campus. It seemed, although, that we were equally excited if not more about the chance to pin the badges on the leaders, congratulate them and give them a few encouraging words on what it's like to be a leader. We are very proud of the Year 6 students and look forward to building meaningful connections between the leaders of the Senior and Junior Campuses.

SENIOR CAMPUS Y7-12

Ash Wednesday

The Senior Campus marked the beginning of Lent today, with a service for Ash Wednesday. Students were invited to have ashes imposed on their forehead or back of hand as a symbol of an outward expression of our need to begin again. Lent, is a time when we are encouraged to stop and assess how we're doing in our walk with God and identify areas in which we can continue to grow.

Senior Campus Debating

Debating is a wonderful co-curricular opportunity for all young people. This year, we at the Senior Campus are hoping to offer several debating opportunities to our students.

The first is the program offered by the **Brisbane Girls Debating Association**. The season consists of five debates between March 9 and May 11 and is open to Years 10 – 12 (although Year 9s are more than welcome.) They take place on a Monday afternoon, start at 4.30 and finish at 6.50. Debates are held at Girls Grammar. As the debates are "short prep" and no advance notice of the topic is given, no prior preparation is required as the girls plan on the night. Another advantage is that the girls will be matched against teams of similar ability. So novices are more than welcome, a rare opportunity for our older students with little debating experience.

The second opportunity is Queensland Debating Union for our Year 7s. This consists of four debates between July 23 and October 21 and is open to both boys and girls. This provides an excellent entry for our younger students to get in on the ground floor of debating and hopefully continue to debate throughout high school and into university in a very high standard competition.

All questions/expressions of interest please contact Mr Gough at the Senior Campus.

Chemistry in Action

Last week the Year 11 Chemistry students looked at several different fabrics to determine the best one to make lab coats from. They looked at resistance to a number of chemicals as well as fire. And the results... A mixture of synthetic and natural fibres, like the polycotton our lab coats are made from, is the best.

District Swimming

On Tuesday the 17 February, the PoP Senior Campus Swim Team competed at the North West District Secondary Schools Swimming Championships for 2015 held at Albany Creek Leisure Centre. All students selected had previously qualified to represent the college via the PoP inter-house carnival held in Week 2, by earning a top 2 finish in their individual events or a top 4 finish in 50m freestyle for relay events.

By accepting their invitations to compete, all swim team members had demonstrated the value of high expectations in regards to testing their own skills against the very best swimmers from all schools within the North West District. It is a credit to themselves as students and as athletes that they are so willing and enthusiastic to represent themselves, their families and their college to the very best of their ability in such a competitive environment.

The 2015 PoP Senior Campus swim team consisted of:

U12: Liam Farrell, Caelen Cook, Bailey Kitcher, Jake Walker, Henry Franklin, Emily Pingel, Madisen Derome, Katie Steele, Caitlin Austin.

U13: Brendan Fraser, Charlie Brennan, Luke Hutchings, Ned Franklin, Ella Hardy, Georgia Manwaring, Georgia Dux, Hayley Churchill.

U14: Lachlan Cordiner, Tom Rowland, Izaac Quarrell, Breanna Baker, Jess Tritton, Brooke Lynch.

U15: Tristan Dilley, Scott Whelan, Will Ebbott, Matt Powell, Ella McLean, Rachel Nibbs, Shakira Brunjes.

U16: Zac Lawrie, Rhys Lynch.

U17: Harry Gausel, Thomas Scott.

We congratulate and acknowledge all team members for their efforts during the Championships. At the time of print, full results were yet to be confirmed but these will be advertised as soon as they are made available. Special thanks to Mrs Edwards for her assistance for the duration of the day and also to all of our parents who always provide valuable support and encouragement for our PoP athletes.

MUSIC NOTES

JUNIOR CAMPUS

Classroom Music

What a great week in music classes. Sometimes 45mins is just not enough!

Year 4 commenced Recorder Karate this week. They need to play "Hot Cross Buns" to receive their white belt. Students can come visit me any lunch time or after school to try for their next belt.

Choir

Rehearsals are going really well. Everyone's arriving just that little bit early and we're getting so much singing done. I invite students to bring a USB so songs can be put on it and rehearsed at home.

Instrumental lessons

A reminder that it is your responsibility to contact your child's tutor via text or phone call should your child be away from school. If you have any queries about lessons or fees, please contact your tutor directly.

SPORT SCORE

[Junior Rep Sport](#)[Senior Rep Sport](#)**Swimming**

Some great swims and a number of very impressive results from the North District Swimming Carnival last week. Our students acquitted themselves very well indeed with a large number recording personal best times and top 10 finishes.

Special congratulations goes to Kaitlyn Vidler and Lara Wadham who have both advanced to the next level of competition, the Regional Championships, which are to be held on Wednesday 25 February at Lawnton. We wish both girls and their families a wonderful experience.

Our next swimming event is the Inter Lutheran Carnival to be held at Morayfield on Friday 6 March. Children born 2003 to 2006 are eligible for this event. Team selection for this event is based upon placing's from our swimming carnival, however, if your child is a swimmer and you are new to the school, missed the carnival or have shown marked recent improvements, please contact Mr Wooding (bwooding@princeofpeace.qld.edu.au) to express an interest in competing.

Finally, a rather large error was made after the swimming carnival late last year. Unfortunately, a miscalculation meant that one of our most promising young swimmers did not receive the recognition or the medal for achieving equal first place as a 9 year old age champion. That error was put right this week as Maya Pingel was duly awarded her medal by Heidi Noon, the girl Maya tied with for age champion. Congratulations and apologies to both girls.

Interhouse Cricket

3 excellent games thus far as each of the teams tries to come up with a winning combination. The house captains and vice captains have done a remarkable job so far of organising and coordinating their players, even roping teachers into the contest for the first time ever - huge thanks to Mrs 'Cricket' Cudney and Mrs 'Sport' Schmidt for such excellent guidance and commitment to Jackson.

Bradman have taken an early lead in the competition however both Fraser and Jackson are close behind. Laver, although a little further back, only require 1 good result to come right back into contention for the final.

District Team Sports

Trials for Basketball are being held this week - good luck to all our students trying out. The next District Team to be selected is for the sport of Australian football (AFL) which will be held in 2 weeks (4-5 March) at McDowall. Please see the link on this page for more details and other upcoming trials.

WEEKLY DEVOTION

Hammocks and God and ME

Last week, the students considered the hammock as our inspirational object. They came up with the following thoughts...

- The stitches in the hammock are the people around us who are supporting us and holding us up
- The poles on either end of the hammock are our friends and family supporting us
- The hammock is like friendship if one end comes off then the friendship falls apart
- If one stitch in the hammock is broken it can affect the whole thing and weaken it so we need the support of those around us and to stay firm in our beliefs/friendships
- The hammock represents God letting us rest in his arms when we are tired and weary. He will carry us through and support us.
- God is the net and we lay in his arms
- God wants us to be in his loving arms and trust in him
- No need to worry – relax

Jesus says, "Are you tired? Worn out? Burned out on religion? Come to me. Get away with me and you'll recover your life. I'll show you how to take a real rest. Walk with me and work with me—watch how I do it. Learn the unforced rhythms of grace. I won't lay anything heavy or ill-fitting on you. Keep company with me and you'll learn to live freely and lightly." (Matthew 11:28–30, The Message)

Jesus says that he is not about religion. He is about relationship. After all, relationship is what creates hope and meaningful change.

Whether we be parents, wanting to guide our children, or people looking for hope, God's heart is to have a relationship with you. As one student said, "The hammock represents God letting us rest in his arms when we are tired and weary. He will carry us through and support us." When you are having a tough day, or sad, it is good to know that we can find our rest in Jesus.
