

**Year 3 Excursion – Downfall Creek**

Excursions play an important role in building Life-long Learners. Excursions engage students in the learning process, pique their curiosity and highlight the relevancy of what and why they are learning. For Year 3 students, Biological Science came to life yesterday when they participated in the Creek Critters activity at the Downfall Creek Bushland Centre.

**Year 5-10 Buddy Program**

Service Learning can take on many forms. For our Year 5 and 10 students, this has meant participating in the inaugural Year 5 & 10 Buddy program. The Buddy program aims to develop powerful partnerships between the students as they continue their journey through to Year 7 and Year 12 respectively. After being paired up, buddies participated together in a range of activities of their choice – board games,

card making, construction, Meals 4 You preparation and team games. The next buddy day will be 3 March.

On Monday, our new Middle School Captains will be installed at Worship commencing at 8.25am. All parents are most welcome to attend. In next week's POPCORN we will make announcements about leadership positions. Offers of leadership will happen in the coming days. We take this opportunity to thank the outgoing captains for their service to the College.

Our thoughts and prayers are with the Bleckwehl family on the sudden passing of their husband and father Peter Bleckwehl. As a community we offer our condolences to Debbie, James (Y10), Stephanie (Y9) and Ashleigh at this difficult time

**Understanding the Strong Willed Child**

Peter Janetzki, Educator and Counsellor, provided our families with an excellent opportunity last night to learn more about the strong willed child. Nearly 100 parents attended his seminar to find out more about what they can do to shape and inspire the strong willed child without breaking their spirit.

**Video Production**

Our College has been a hive of activity over the past few days as we video our students in action. Stay tuned for the premier of our new videos.

Congratulations to Mrs Elizabeth Saunders on the birth of Clara Elizabeth. We ask for God's richest blessings over this growing family at this special time.

**P&FA meeting tonight,**  
7pm Junior Campus Library  
All welcome

**Friends of the Library**  
meeting 8.45am 4 March.
