Zoom for Students

For computer users: Headphones will help with background noise

1. Click on the meeting link your teacher sends you on your email.

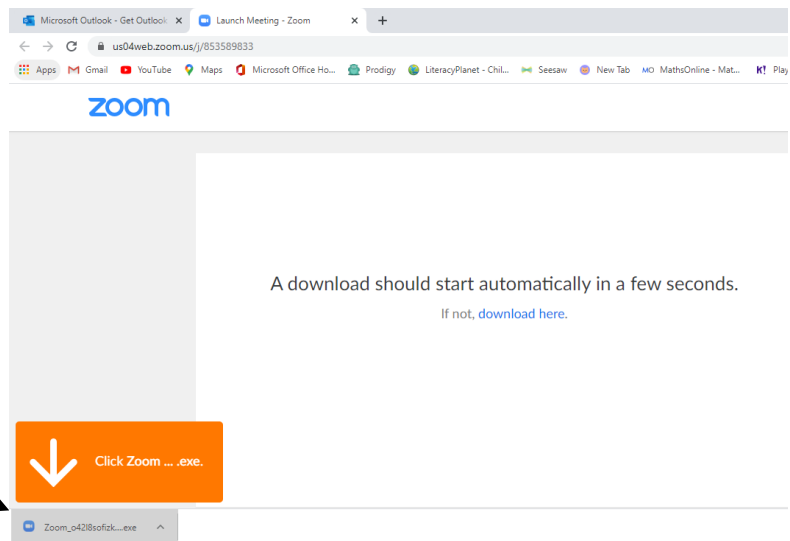

Web View
of calendar

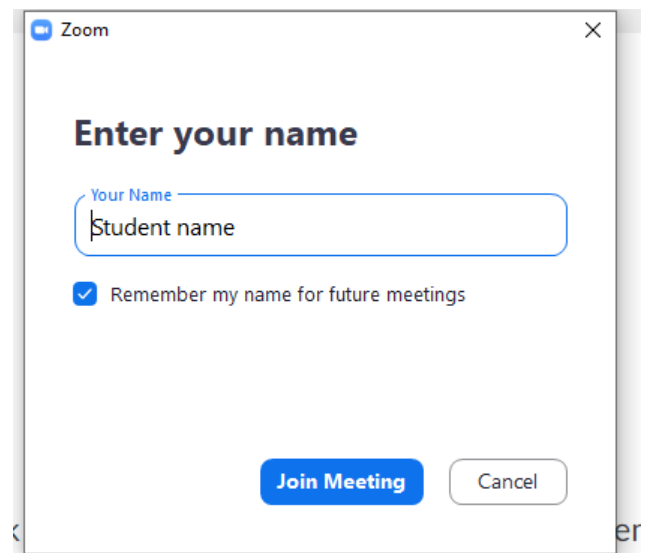

App View of
calendar

2. The following link will open and look like this. Wait patiently while Zoom downloads 😊

You may like to pin this to the task bar by right clicking on the icon.

3. Enter your name

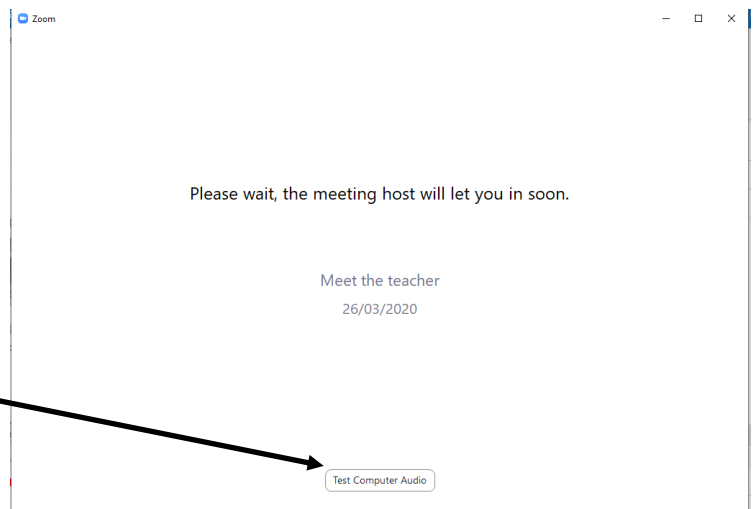

4. Select the join with video option or the join without video option.

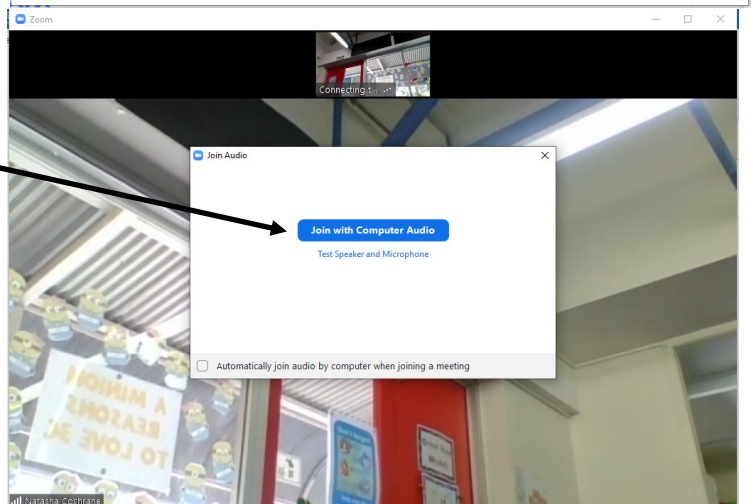

5. You might see a similar message to the one on the right once Zoom has been launched. As soon as your teacher joins the meeting, the virtual room will pop up!

You may like to test that your sound is working.

6. Select the join with computer audio option.

7. If you need to leave the meeting early or your teacher says the meeting has come to an end, you will want to exit the room by clicking in the lower left hand corner.

8. Views on Zoom

Active Speaker view - green box shows who is chatting

Gallery View - show all people who are in the chat.

Full Screen View - shows a larger image of the person speaking.
