

Parent APP

Below you will find a how to get started and features that are available on the APP

Step 1. Log in

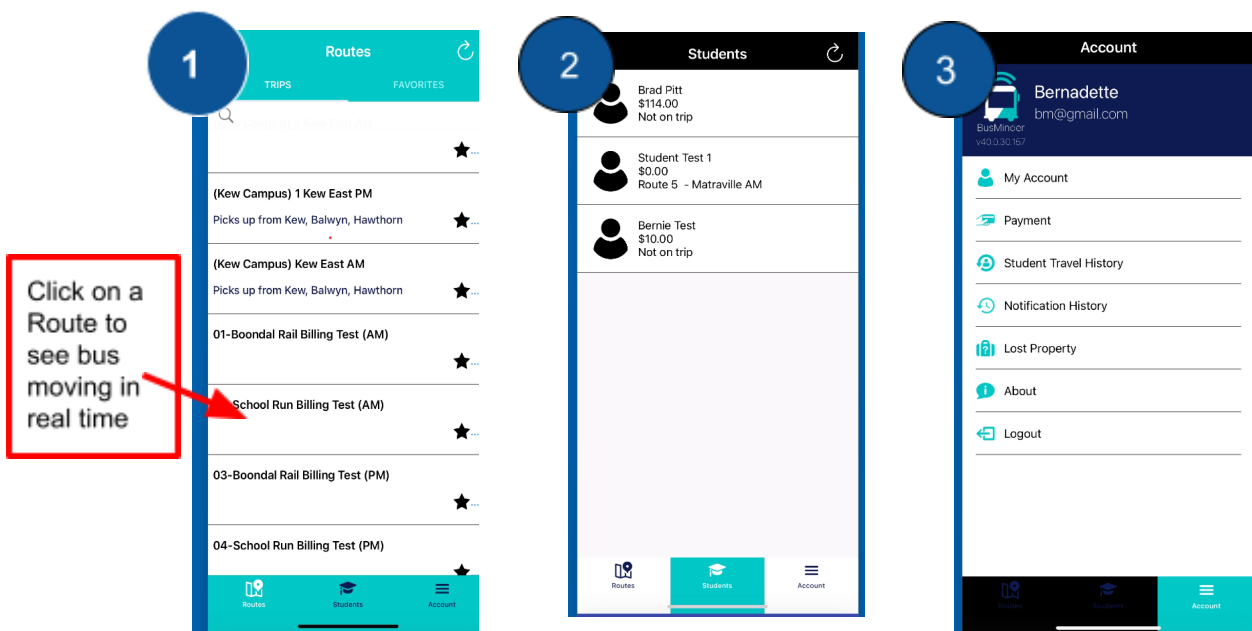

Step 2. Screen Options

There are three screen options.

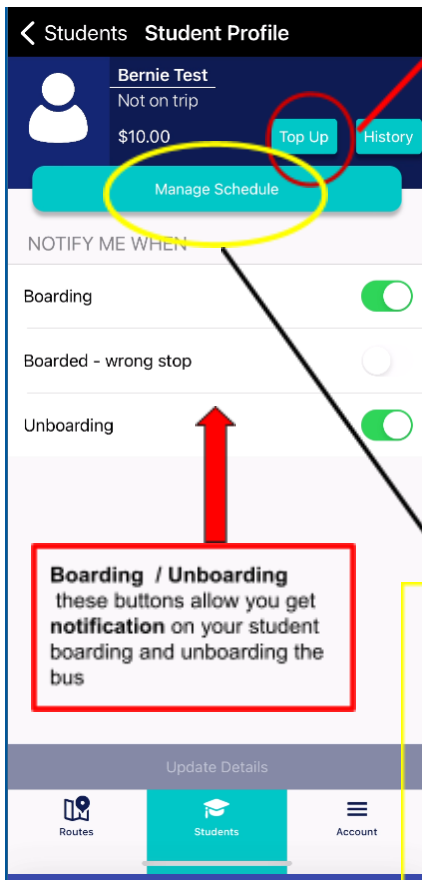

1. **Routes** - where you can view the available routes at your school, click on the star to save your routes as a favourite
2. **Student** - this screen shows your student detail, current available balance, whether they are on a current trip and if so which one

Press and hold down student name for bookings and top ups
See next page for full view

3. **Account** - this screen does several things.
 - My account - log in details
 - Payment - here you can all a payment method
 - Student Travel History - this is your students history of bus use
 - Notification history - this is what notification you have receive in relation to your student
 - Lost Property - ability to send a request if something is lost on the bus
 - About - Bus Minder APP details
 - Log out - log out of app

2. Student Screen

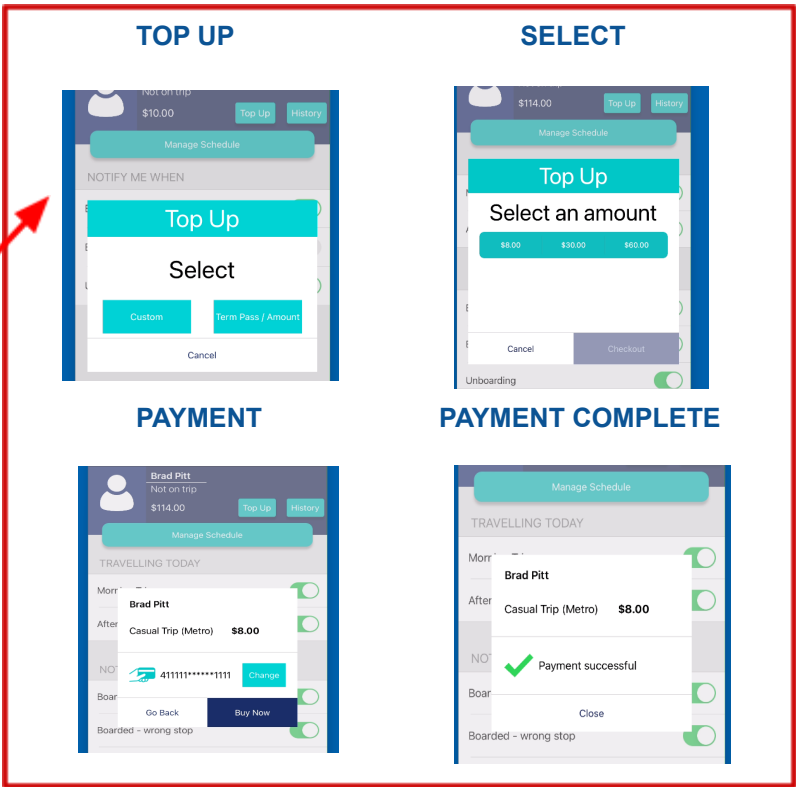

Boarding / Unboarding
these buttons allow you get notification on your student boarding and unboarding the bus
