Bus Minder Parent APP - Information

Prince of Peace is utilising the BusMinder app. As a parent, Bus Minder enables you to view the real-time location of your student's bus, their boarding location, and whether your student is on board. You will also be able to mark your student absent for either the AM, PM or both trips for the day.

There is a trial feature on the parent app, which gives parents the option to "create booking" that is under "manage schedule". Accessing this gives you the option to mark an absentee for the future or to book future travel, however this will create a request that **will need to be approved** by the College Bus Administrator before it is confirmed as booked.

On the screen you will notice a reference to payments, for 2023 the College will continue to bill all full time and part time bookings, however for 2023 we will be implementing the payment system for casual bus users.

A few things to note:

- An absentee for the morning will need to be made by 6:15am, otherwise the driver will not see it. Once a driver logs in for the morning, they will not receive any further absences.
- Please have your student at the stop 5min before scheduled time. The driver will leave the stop after the designated time, he will not be able to call if your student is not there
- Bus Minder may currently only have one emergency email registered per family. If you are unable to login, it may be because your email is not registered. In this instance, please send an email to buses@princeofpeace.qld.edu.au and we will register your email. Please state your student's name for reference.
- Students in Years 7-12, can use their school email address to access the app on their phones. If you would like your Junior Campus student to use this feature, please let us know as we will need to liaise with the school IT Department.
- Parents will still need to contact the school for extra trips, or changes to their current arrangements, please do this via email.

How do I install and use the app?

The secure, user-friendly Bus Minder Parent app can be downloaded from the Apple App Store (for Apple devices) or Google Play Store (for Android devices). Here are a few tips for setting up and using the app:

- To set up Bus Minder on your phone, download the app and click on *Login*, then '*Forgot your password?*'. This will enable you to set a password.
- Once you have logged in, you will be asked whether the app should be allowed to send you notifications. We strongly encourage you to **allow** notifications to enable you to see the location of the bus in real-time, which will help you determine the appropriate time to drop your child(ren) at the pick-up location, or to meet the bus in the afternoon.
- Bus Minder can also alert you when your child boards the bus in the morning and boards and alights the bus in the afternoon.
- The Parent app also contains an alert feature that can be used to send push notifications to your smartphone if there is a problem that may affect the bus run that day. ie a bus delay
- Click on the link below for an example of how the app works.
